

PTO/SB/63 (09-06) Approved for use through 03/31/2007. OMB 0651-0031 U.S. Patent and Trademark Office; U.S. DEPARTMENT OF COMMERCE

Act of 1995, no persons are required to a collection of information unless it displays a valid OMB control number.

TERMINAL DISCLAIMER TO ACCOMPANY PETITION	Docket Number (Optional) 10458-9US SC/sm
n re Application of:	
Name: Michel MANARAS et al.	
Application Number: 08/272,002	
Filed: July 8, 1994	RECEIVED
For: Override Device for Allowing Manual Operation of a Closure Normally Operated by an Electric Motor	DEC 1 3 2006
	OFFICE OF PETITIONS
disclaims a terminal part of the term of any patent granted the above-id-	
above-identified application is a design application, the period of abandor and (2) if the above-identified application is a utility or plant application abandonment of the application; or (b) the period extending beyond to above-identified application was filed in the United States or, if the application filed application application (2) under 35 U.S.C. 120, 121, or 365(c), frow application was filed. This disclaimer also applies to any patent granted June 8, 1995, or a design application, that contains a specific reference he above-identified application. This disclaimer is binding upon the grant Check either box 1 or 2 below, if appropriate.	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns.
above-identified application is a design application, the period of abandor and (2) if the above-identified application is a utility or plant application abandonment of the application; or (b) the period extending beyond to above-identified application was filed in the United States or, if the application filed application was filed in the United States or, if the application was filed. This disclaimer also applies to any patent granted June 8, 1995, or a design application, that contains a specific reference he above-identified application. This disclaimer is binding upon the grant Check either box 1 or 2 below, if appropriate.	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns.
above-identified application is a design application, the period of abandor and (2) if the above-identified application is a utility or plant application abandonment of the application; or (b) the period extending beyond to above-identified application was filed in the United States or, if the application filed application was filed in the United States or, if the application was filed. This disclaimer also applies to any patent granted June 8, 1995, or a design application, that contains a specific reference he above-identified application. This disclaimer is binding upon the grant Check either box 1 or 2 below, if appropriate. The period of abandon is a utility or plant application in the period extending upon the grant check either box 1 or 2 below, if appropriate. The period of abandon is a utility or plant application is a utility or plant application. The period extending beyond the application is a utility or plant application. The period extending beyond the application is a utility or plant application. The period extending beyond the application is a utility or plant application. The period extending beyond the application is a utility or plant application in the period extending beyond the application is a utility or plant application. The period extending beyond the application is a utility or plant application is a utility or plant application is a utility or plant application. The period extending beyond the period ext	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns. partnership, university, government the organization.
above-identified application is a design application, the period of abandound (2) if the above-identified application is a utility or plant application dependent of the application; or (b) the period extending beyond the above-identified application was filed in the United States or, if the application filed application was filed in the United States or, if the application filed application was filed. This disclaimer also applies to any patent granted lune 8, 1995, or a design application, that contains a specific reference he above-identified application. This disclaimer is binding upon the grant check either box 1 or 2 below, if appropriate. For submissions on behalf of an organization (e.g., corporation, pagency, etc.), the undersigned is empowered to act on behalf of	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns. partnership, university, government the organization.
above-identified application is a design application, the period of abandound (2) if the above-identified application is a utility or plant application of the application; or (b) the period extending beyond to above-identified application was filed in the United States or, if the application filed application was filed in the United States or, if the application filed application(s) under 35 U.S.C. 120, 121, or 365(c), from application was filed. This disclaimer also applies to any patent granted une 8, 1995, or a design application, that contains a specific reference above-identified application. This disclaimer is binding upon the grant check either box 1 or 2 below, if appropriate. The submissions on behalf of an organization (e.g., corporation, pagency, etc.), the undersigned is empowered to act on behalf of the undersigned is an attorney or agent of record. Registration is a design application of the undersigned is an attorney or agent of record.	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns. partnership, university, government the organization. Number 56,651 December 7, 2006
bove-identified application is a design application, the period of abandond (2) if the above-identified application is a utility or plant application of the application; or (b) the period extending beyond the bove-identified application was filed in the United States or, if the application filed application was filed in the United States or, if the application filed application (a) under 35 U.S.C. 120, 121, or 365(c), from polication was filed. This disclaimer also applies to any patent granted une 8, 1995, or a design application, that contains a specific reference above-identified application. This disclaimer is binding upon the grant check either box 1 or 2 below, if appropriate. For submissions on behalf of an organization (e.g., corporation, pagency, etc.), the undersigned is empowered to act on behalf of	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns. partnership, university, government the organization. Number 56,651
above-identified application is a design application, the period of abandound (2) if the above-identified application is a utility or plant application of the application; or (b) the period extending beyond to above-identified application was filed in the United States or, if the application filed application was filed in the United States or, if the application filed application was filed. This disclaimer also applies to any patent granted lune 8, 1995, or a design application, that contains a specific reference he above-identified application. This disclaimer is binding upon the grant check either box 1 or 2 below, if appropriate. The submissions on behalf of an organization (e.g., corporation, pagency, etc.), the undersigned is empowered to act on behalf of the undersigned is an attorney or agent of record. Registration is a specific reference of the cord. The undersigned is an attorney or agent of record. Registration is a specific reference of the cord. The undersigned is an attorney or agent of record. Registration is a specific reference of the cord.	lication, the lesser of: (a) the period of twenty years from the date on which the lication contains a specific reference to anom the date on which the earliest such on a utility or plant application filed before the under 35 U.S.C. 120, 121, or 365(c) to intee, and its successors or assigns. partnership, university, government the organization.
